Issue No. 492

12/11/2021

Our minute's silence on Thursday was a moving sight, as it is every year, seeing our pupils remembering the men and women killed in conflicts around the world. The two World Wars are traditionally Year 6 topics – it is so important that through our curriculum and assemblies children are aware of the impact these moments in world history still have on our lives today. We hope that through education, we can prevent such atrocities taking place again. As Mahatma Gandhi said, 'If we are to create peace in our world, we must start with our children.'

### BABY NEWS

We have another new arrival! We are so pleased to announce the safe arrival of a baby girl to Miss Capper on Wednesday 10<sup>th</sup> November. Millie-Rayne was born weighing 8lb 15oz and Mummy and baby are doing well. We are sure you will join us in wishing them every happiness!

### CHILDREN IN NEED

On Friday 19<sup>th</sup> November 2021, we will once again proudly be supporting the BBC Children in Need appeal. From Tuesday 16<sup>th</sup> November, we will be selling Children in Need merchandise in school and celebrating on the day with a non-uniform day. Children can come to school dressed in something yellow, spotty or just something they feel comfortable in for a contribution of £1. There will also be buns on sale for 50p on the day.

### ANTI-BULLYING WEEK

The theme for Anti-Bullying Week 2021 is 'One Kind Word'. Kindness is more important today than it has ever been. The isolation of the last year has underlined how little acts of consideration can break down barriers and brighten the lives of the people around us. As part of our work this week we aim to teach the children:

- The definition of respect
- That bullying is a behaviour choice
- That we can respectfully disagree with each other
- That we all need to choose to respect each other both face to face and online.

Anti-Bullying Week kicks off on Monday with Odd Socks Day. This national day of odd sock wearing is an opportunity to encourage people to express themselves and celebrate their individuality and what makes us all unique.

## ROAD SAFETY WEEK 15-19 NOVEMBER 2021

Next week is also Road Safety Week. The theme of Road Safety Week 2021 is ROAD SAFETY HEROES, celebrating the heroic work of road safety professionals, and explaining how we can all play a part in making journeys safer for everyone. Children will be taking in activities in class throughout the week.

Our team of Mini Police Officers will also be working with the Community Police and Officers from the Deepcar Station looking at raise awareness of considerate parking outside our school and travelling at a safe speed.

## TRADING CARDS

Several weeks ago we spoke to all children during assembly about trading cards, for example Pokemon cards, in school. It was explained to children that we had seen an increase in the number of issues relating to trading cards and we would be left with no choice but to ban the use of trading cards in school should issues continue. Sadly, we have seen these problems continue with valuable learning time being lost when fallouts spill into lesson time. We now have to insist that all cards are left at home and are no longer brought into school.

## Y6 SPORTS HALL ATHLETICS

The Y6 Sports Hall Athletics team have recently been training at the leisure centre on a Friday afternoon to prepare for the first round of the Sports Hall Athletics competition. The competition took place at Stocksbridge High School on Tuesday 9<sup>th</sup> November. All twenty children performed to a high standard against a strong team from Deepcar, demonstrating some excellent baton changeovers. We were relieved to hear that we gained the most points in the competition and are now through to the Links finals on the 14<sup>th</sup> December! Well done to all children involved and good luck in the next competition!

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one platform of many which we believe trusted adults should be aware of. # What Parents & Carers Need to Know about

# NETFLIX

Netflix is a subscription-based streaming service that allows users to watch TV shows and movies on any internet-enabled device that supports the software, such as smart TVs, phones and tablets. The pandemic saw a surge in children consuming on-demand content as many families relaxed their screen-time rules. Netflix's diverse range of programming caters for all age groups – so it's important for parents to recognise the potential risks of children using the service and the measures to help their child enjoy a safe streaming experience.

## INAPPROPRIATE CONTENT

Netflix produces and curates an extensive catalogue of content that can provide hours of entertainment. If they share the same user account as an adult, this can potentially lead to children accidentally viewing all manner of inappropriate content, including nudity, profanity and extreme violence. This can happen easily on shared accounts, as Netflix cannot establish who's watching.

## BINGE-WATCHING

Netflix allows users to view shows and movies quickly and easily without adverts or interruptions, making excessive screen time a concern. Binge-watching has become more common during the pandemic, due to Netflix's regularly updated content and algorithms which recommend content very similar to what's previously been enjoyed. Marathon viewing sessions can lead to children staying up too late, affecting their mood and concentration the next day.

## SCREEN ADDICTION

From TVs and phones to consoles and tablets, Netflix is available on almost any device with an internet connection – making it extremely difficult to manage children's screen time. The service is now adding games to its mobile app, tempting users to spend even more time on the platform. Screen addiction can distract children from important activities like schoolwork and socialising, and can impact their health by reducing their exercise and sleep.

## HACKING ATTEMPTS

With millions of users worldwide, Netflix is often targeted by hackers who try to steal usernames and passwords to gain access to people's accounts. If successful, they can then steal payment details or try to sell stolen personal data on the dark web, providing other criminals with a profitable opportunity. Netflix also doesn't provide two-factor authentication, making the hackers' task that little bit easier.

## CONTACT FROM STRANGERS

Netflix's Teleparty feature became popular during lockdown periods as it allows users from different households (friends and relatives, for example) to synchronise when they watch content. It requires an access link to be sent to the people you wish to invite; the link, however, can also be distributed to people you don't know. A text chat feature enables interaction with the other users in real-time; this represents a risk to children if a stranger gains access to the Teleparty.

## Advice for Parents & Carers

### KEEP ACCOUNTS SECURE

Netflix doesn't use two-factor authentication, so a strong password is vital. Your child's Netflix password should be unique (not one they've used elsewhere) and a minimum of eight characters with a mix of letters, numbers and symbols. Emphasise not to share their login details with anyone and remind them to always log out after using the app – so their account remains inaccessible, even if their device is lost or stolen.

### CHECK MATURITY RATING

Netflix warns about content that includes violence, sex, profanity and nudity. These warnings form part of the show or movie's 'maturity rating'. Users can restrict age ratings to avoid children viewing age-inappropriate content. On their profile, open the Profile and Parental Control settings and choose the maturity level for the shows and movies you want to allow.

### CREATE A KIDS' PROFILE

Setting up a Netflix Kids experience profile means your child can only access content which is suitable for children aged up to 12 years. All other content is automatically blocked. This rating can be further restricted via the child's profile settings. Setting up a Netflix Kids experience profile will help to prevent your child from viewing age-inappropriate content.

### SET UP PROFILE PINS

Netflix account holders can lock profiles using a four-digit PIN. Doing this can prevent your child from accessing the wrong account and viewing content that isn't appropriate for their age. Try setting a PIN for each account on your Netflix app – ideally avoiding numbers that would be easily guessed, such as dates of birth. Remember not to share these PINs with anyone, including family.

### SWITCH OFF AUTO-PLAY

When a show or movie concludes, Netflix's algorithms select content with similar themes that it thinks your child will enjoy next. This new content starts automatically after a 10-second countdown. Disabling this auto-play feature reduces the possibility of your child being shown something inappropriate and provides a natural break to help prevent them becoming too immersed in Netflix.

### CHECK VIEWING HABITS

Netflix has tools which enable parents and carers to monitor what their child has been watching. Selecting 'Viewing Activity' in each profile's account settings displays a list of what content has been viewed (and when). This can reassure parents that their child is watching age-appropriate content and can open avenues for discussing your child's favourite shows and movies, and why they like them.

## Meet Our Expert
