On Wednesday, it was a pleasure to welcome Matt from 'I can save a life' to school. He spent the day teaching basic, yet vital, First Aid skills to our Y6 children. As our oldest pupils prepare to leave us for secondary school, it is essential that as well as being prepared academically, we ensure that they have the necessary life skills to function more independently. The children learnt how to access help in an emergency, and First Aid procedures, such as CPR and using a defibrillator. Our Year 6 pupils behaved in an exemplary manner, obviously enjoying developing this important knowledge – we definitely know who we'd like to have around in an emergency!
